We are excited to have partnered with CourseStorm to bring you convenient online registration! You do not need to make a CourseStorm account, just select your classes and follow the registration process.

Here are the steps to ensure your child gets registered:

- 2.) Once on the homepage, scroll down and click on “Browse All Classes”. For more specific searches, use tools like “Browse by Category” or “Browse by Day of the Week”.

- 3.) Click on the Class Title to read more information, including description, meeting times, instructor name, and other pertinent information. (*The below class is only an example*)
- 4.) Click the yellow “REGISTER” button located directly under the class image.

7.) Congratulations, you're registered! It's as easy as that. After you register for one class, your child's information is saved and you will be able to skip step 5 for all other classes since your child's information is already in the system.

**We recommend that you register for classes in order of your preference/priority as all classes are filled on a first-come, first-serve basis*

Please note that **if the class is full you will be notified immediately** upon trying to register for the class and you will not get a confirmation page or email. Instead, you will be notified that **your child has been placed on the waitlist.
